

CAMBADA MSL team

Contributions to the RoboCup Community

Middle-Size league:

- **Source code release:**

- In January 2015 the team made a public release of an important part of its source code, including the following tools and modules: "CAMBADA basestation", "CAMBADA simulator", "CAMBADA RTDB & comm" and "CAMBADA simple striker agent".

- **Referee Box application**

- CAMBADA team developed and made publicly available a new version of the RefBox application (RefBox2015), with new functionalities, which became the official RefBox version for competitions.

- **RoboCup MSL Workshop**

- The team hosted the 5th International RoboCup MSL Workshop, which was held in Aveiro on November 23rd, 24th and 25th.
- The team attended the 3rd, 4th and 6th International RoboCup MSL Workshop (2013, 2014 and 2016).

- **Board of trustees**

- One team member was, in 2015-2016, member of the RoboCup board of trustees.

- **Executive Committee:**

- One team member is a RoboCup MSL Executive Committee member since 2016
- One team member was a RoboCup MSL Executive Committee member since 2010 until 2015.

- **Technical Committee:**

- One team member was a RoboCup 2016 MSL Technical Committee member.
- One team member was a RoboCup 2011 MSL Technical Committee member.
- One team member was a RoboCup 2009 MSL Technical Committee member.

- **Organizing Committee:**

- One team member was the chair of the RoboCup 2016 MSL Organizing Committee.
- One team member was the chair of the RoboCup 2015 MSL Organizing Committee.
- One team member was the chair of the RoboCup 2014 MSL Organizing Committee.
- One team member was the chair of the RoboCup 2013 MSL Organizing Committee.

- One team member was the chair of the RoboCup 2012 MSL Organizing Committee.
- One team member was a RoboCup 2011 MSL Organizing Committee member.
- One team member was a RoboCup 2009 MSL Organizing Committee member.

Simulation 3D league:

- **Executive Committee:**

- One team member is a RoboCup Simulation 3D Executive Committee member since 2013.

- **Technical Committee:**

- One team member was a RoboCup 2007 Simulation 3D Technical Committee member.
- One team member was a RoboCup 2013 Simulation 3D Technical Committee member.

- **Organizing Committee:**

- One team member was a RoboCup 2012 Simulation 3D Organizing Committee member.

National contributions:

- One team member is currently the president of the Portuguese Robotics Society (SPR).
- Three team members are members of the Organizing Committee of the Portuguese Robotics Open 2017.
- Most of the team members were members of the Organizing Committee of the Portuguese Robotics Open 2002, 2008, 2014, 2015 and 2016.
- Three team members are members of the RoboCup Portuguese Committee.
- Some team members were co-founders of the Portuguese Robotics Society, in 2006, and were part of the board of directors for several years. The Portuguese Robotics Open is endorsed by the Portuguese Robotics Society.
- Three team members are members of the Technical and Scientific Committee of the Portuguese Robotics Open since 2002.
